Additional Info: Observe for any symptoms for several hours after exposure. Follow up with medical attention if symptoms develop.

Section 5: Fire Fighting Measures

General Info: Not flammable. Do not breath fumes. Prevent firefighting water from entering environment.

Extinguishing Method / Equipment: Carbon dioxide (CO₂), dry chemical, foam. Water spray. Sand. Firefighters should wear full protective equipment, including respiratory protection.

Hazardous Decomposition Info: Thermal decomposition generates corrosive vapors.

Section 6: Accidental Release Measures

Personal precautions, protective equipment and procedures: Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Wear appropriate protective equipment and clothing during clean-up. Avoid breathing vapors. Ventilate area if easy to do so. Contact local authorities if significant spillages cannot be contained. For personal protection, see section 8 of the SDS.

Containment Equipment and Procedures: Large Spills: Contact trained personnel immediately. Contain actively spilling material only if trained and safe to do so. Dike the spilled material, where this is possible. Utilize absorbent clay or sand to contain and stop spreading material.

Small Spills: If properly trained, utilize absorbent clay or sand and transfer to waste receptacles.

Cleanup Procedures: Collect all contaminated clay, media, or other cleanup materials into a waste receptacle, provided adequate ventilation is available.

Section 7: Handling and Storage

Safe Handling Precautions: Do not handle until all safety precautions have been read and understood. Ensure adequate ventilation. Avoid breathing vapors. Avoid contact with eyes, skin, and clothing. Avoid prolonged exposure. Wear appropriate personal protective equipment.

Recommendations for Storage: Store in original container in a cool and well ventilated location. Keep away from incompatible materials. Keep container closed when not in use.

Incompatibilities: Store away from metals, cyanides and strong bases. Refer to Section 10.
